## Sailor of the Year Woman

**Emma Plasschaert** knew a great year 2021 with her first participation in the Olympic Games and a wonderful fourth place. But the best was yet to come with a second World Title in the ILCA 6/Laser Radial in Oman, beating the Olympic Champion. Emma won the trophy of Sailor of the Year Woman for the fourth time (2013, 2018, 2019, 2021). She starts 2022 on the first spot of the ranking of World Sailing and is looking forward to the Olympic Games in Paris/Marseille 2024. [More](#)
